MANYARA'S Secret

FACT SHEET

SOCIAL RESPONSIBILITY

Manyara's Secret was built and managed with a focus on nature and the community. Let us inform you about this special place.

Our water comes from a source and due to the construction of our pipeline, the surrounding Maasai villages now have clean running water. We use a 4-step filter system to produce high quality drinking water to reduce plastic bottles.

Electricity comes from our solar park and the water is heated by solar boilers.

Manyara's Secret was built by local builders using local materials. All furnishings are by local carpenters. This partnership not only thrives Manyara's Secret, but also our community.

Our hotel supports a local school by ensuring that the Maasai students receive both breakfast and lunch each day.

In short: we have an eye for the well-being of our team, the needs of our community and the importance of climate and nature.

EXCLUSIVE BOUTIQUE LODGE

Manyara's Secret is located right on the sunny side of the lake. All villas have a beautiful view on the lake and have their own private (plunge-) pool. Photos, Brochures, logos, Activity and long stay offers are available on our DMC and travel agents page.

VARIED TRAVEL GROUPS

Whether you come with your loved one for a romantic stay or with your family of several generations: there is always an atmosphere of tranquility. Floorplans are available via our DMC and travel agents page.

This is an overview of our villas:

- 7 x 2 pers. villa: private plunge pool & outdoor shower.
- 1 x 2 pers. Honeymoon Villa: private plunge pool, outdoor shower, private dining, romantic second terrace underneath the Baobab tree.
- 5 x 4 pers. villa: two rooms, private plunge pool & outdoor shower with interconnecting door.
- 1 x 6 pers. villa: three rooms, private swimming pool & outdoor shower.
- 1 x 8 pers. villa: four rooms, private swimming pool & outdoor shower.

All rooms have an en-suite bathroom.

We offer a 2-person villa and a 6-person villa that are fully accessible for disabled guests. Read the information in the factsheet for disables guests and indicate in advance what you need.
