FROM FARM TO TABLE

Local, Organic and Sustainable. We are committed to preserve our Planet

At Neptune Hotels Luxury Safari Collection, sustainability is at the heart of our operations. We harness solar energy for clean power to reduce our reliance on fossil fuels and lower our carbon footprint, utilize recycled water systems for conservation, and eliminate single-use plastics using reusable glass bottles. Additionally, we embrace organic farming, ensuring fresh, locally sourced ingredients while promoting eco-friendly agricultural practices.

These initiatives minimize our environmental impact while providing a luxurious and eco-conscious guest experience, reinforcing our commitment to preserving our planet.

THE ZEBRA BAR & LOUNGE

Relax and enjoy your favourite drink or cocktail when reading one of the numerous safaris and Africa dedicated books available at the lodge. The traditionally decorated ambience offers a peaceful and calm atmosphere during the day and in the early evenings.

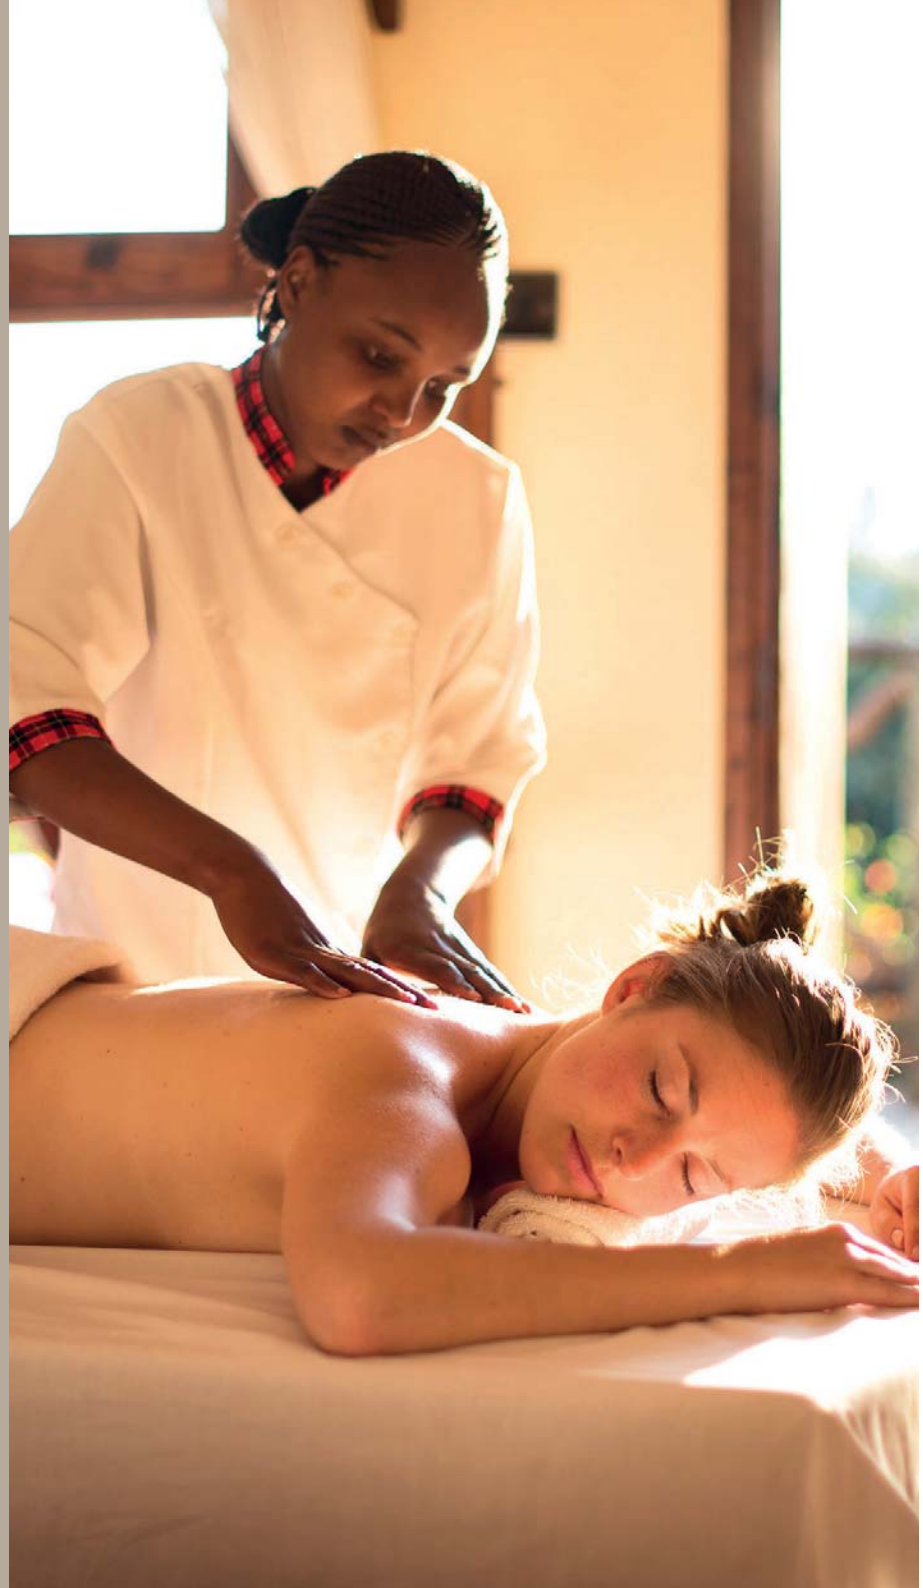

THE ZEBRA BAR & LOUNGE

open from 10 am
to 11 pm

EARTH & RAIN WELLNESS & SPA

After a long day of exploration in the African wilderness, there is no better way of finishing the day than by indulging yourself in a pampering session that will immediately relax and soothe your mind and body. Earth & Rain Spa is an oasis of tranquility where you can enjoy relaxing and invigorating massages, face and body treatments and many other signature treatments while being captured into the curative atmosphere of the unspoiled African bush.

At Earth & Rain Spa we utilize nourishing natural ingredients and other native resources such as plants, flowers, salt, grains, spices, wild honey and raw sugar.

SAFARI ADVENTURE

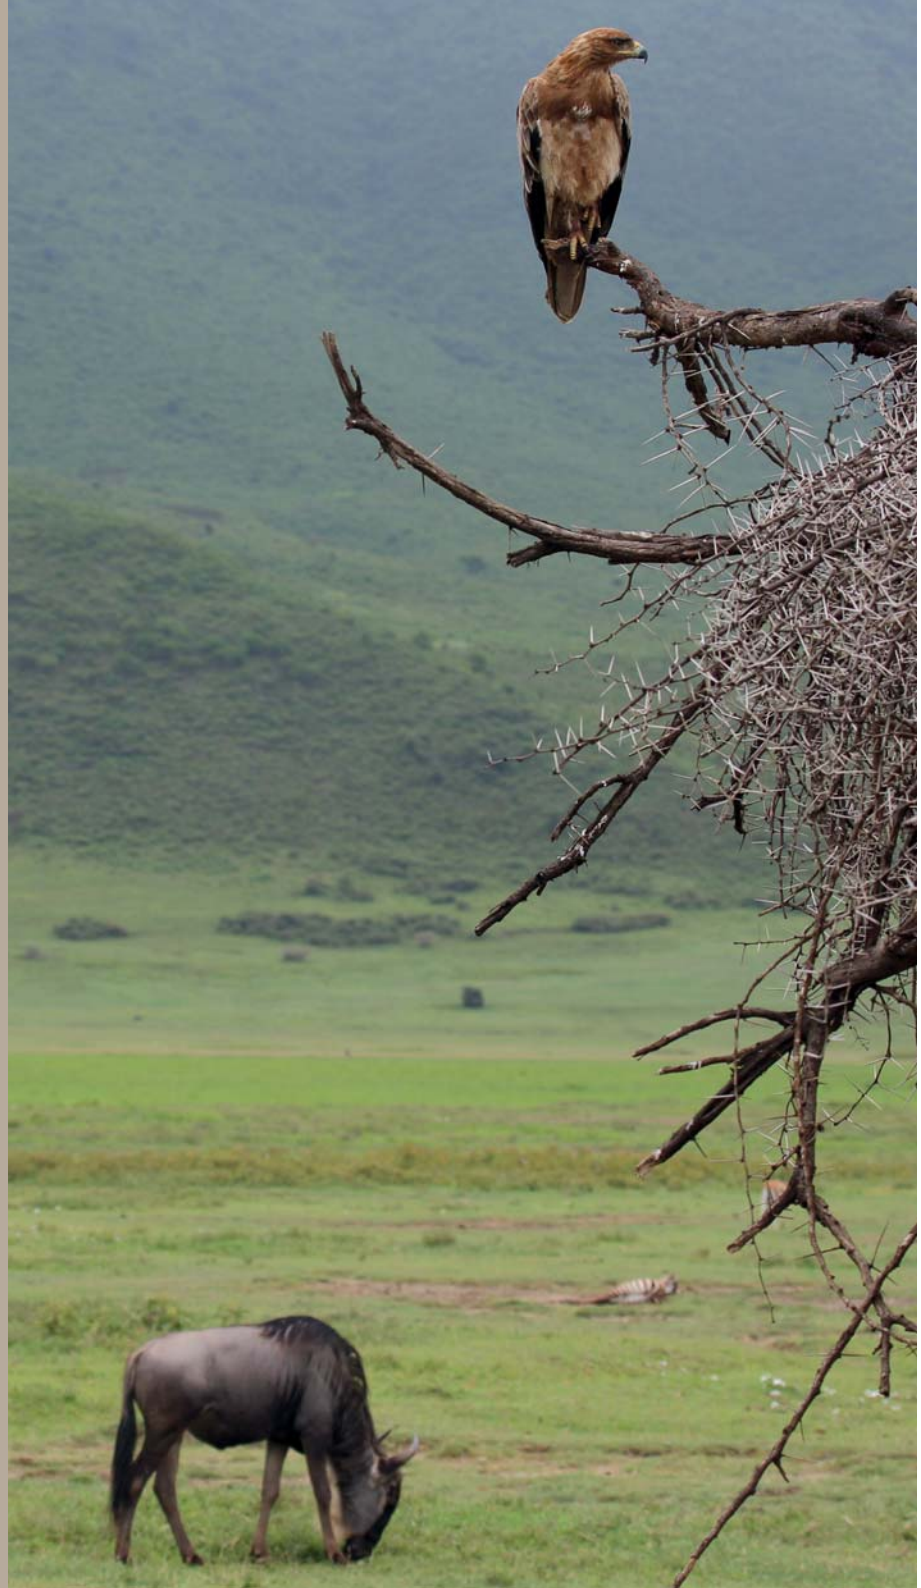

A population of approximately 25,000 large animals including black rhinos and hippos, lives in the crater, with many other ungulates: the wildebeest, the zebra, the eland, and Grant's and Thompson's gazelles. The crater has the densest known population of lions with leopards, elephants, mountain reedbuck, and buffalos living on the crater rim.

NGORONGORO CONSERVATION AREA

Ngorongoro Conservation Area is a protected area and a UNESCO World Heritage Site located in Ngorongoro District, 180 km west of Arusha.

The main feature of the Ngorongoro Conservation Authority is the Ngorongoro Crater, the world's largest inactive, intact and unfilled volcanic caldera.

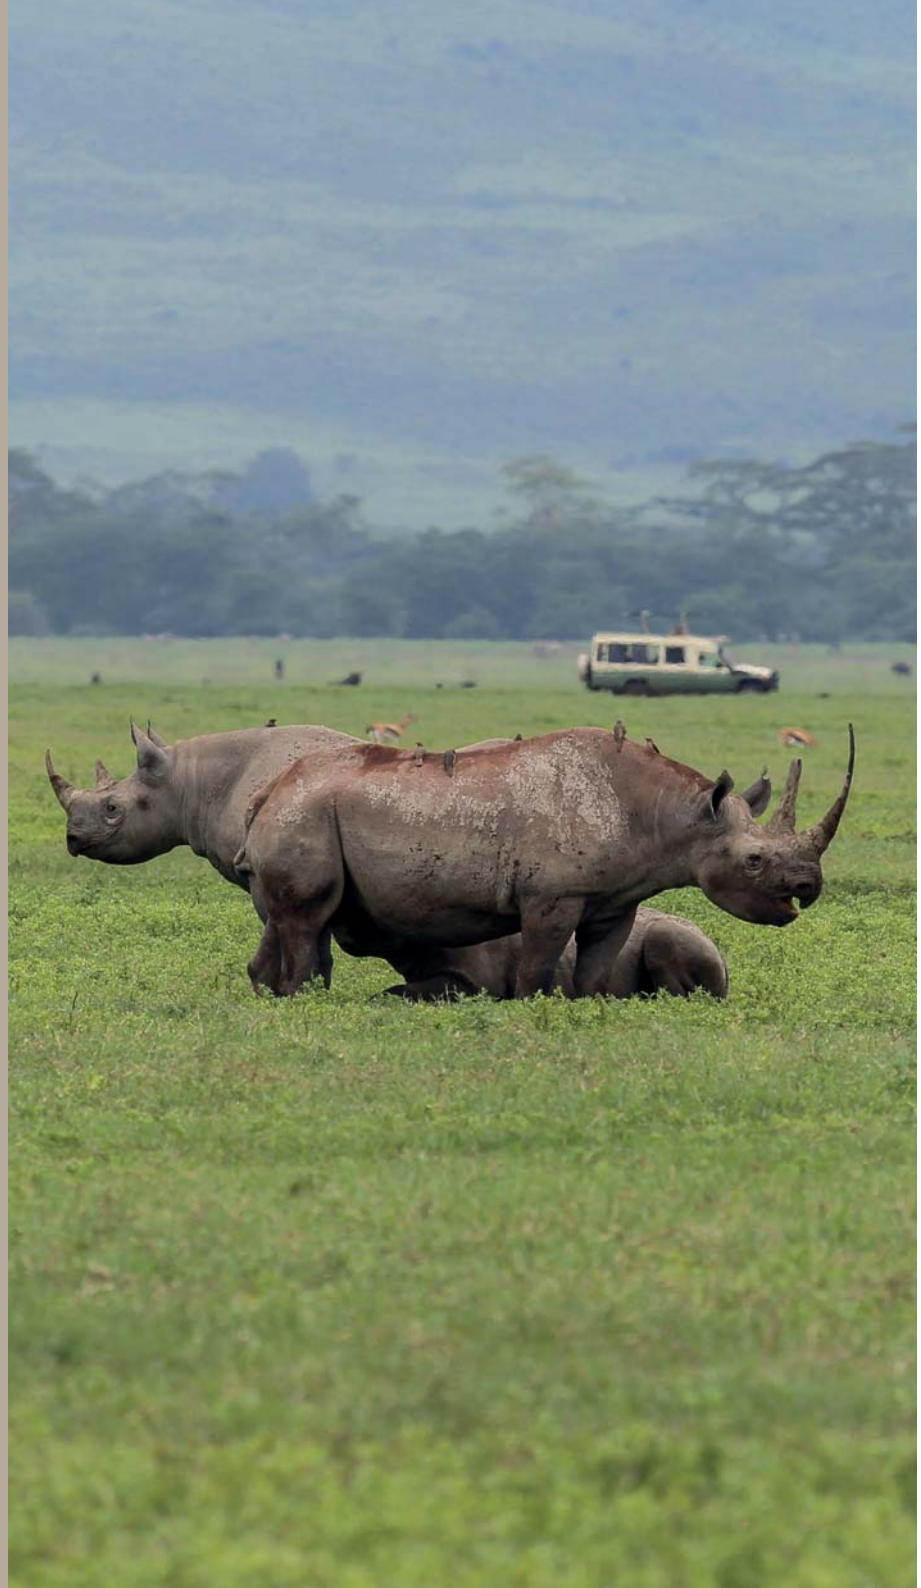

The crater was voted as one of the Seven Natural Wonders of Africa

SAFARI GAME DRIVES AT NGORONGORO CONSERVATION AREA

Experience the thrill of a safari game drive at Ngorongoro Conservation Area, home to the world-famous Ngorongoro Crater. This natural wonder offers exceptional wildlife viewing, including the Big Five, vibrant bird species, and stunning landscapes of grasslands, lakes, and acacia forests.
